

# To Submit Novel Study Ideas

The best way to study is to have fun doing it. One Advisor, for example, placed Drug Quiz questions inside balloons and then had youngsters pop them to find out what topics they were going to review that day.

Parents, Students, and Advisors: If any of you comes up with something exciting, please consider sharing it with us. Feel free to submit as many ideas as you like. Just be sure each one is well thought out and clearly stated so that others will easily be able to follow your lead.
