

To Submit Drug Quiz Questions

A great way to study and also increase your chance of earning points for your team is to write Drug Quiz Show questions. If they are unique or interestingly worded, they just might be included in future competitions! Feel free to submit as many questions as you like. Just be sure each one is well thought out and clearly stated.

Try to write questions that will be easy for students (and the audience) to understand. Also try writing ones that have only one possible answer. If they have more, list *ALL* acceptable answers, starting with the most important ones or the ones you think students would be most likely to give.
